James D. Albert, M.D., RPVI is the Founder and Medical Director of the Albert Vein Institute (AVI), Colorado's premier outpatient center of excellence with state-of-the-medical-arts diagnosis and treatment for all aspects of venous disease. Specialized treatment is offered for both medical varicose veins and cosmetic spider veins as well as deep venous thrombosis (DVT). Dr. Albert's exceptional training and experience as a Cardiovascular Surgeon allow him to bring extraordinary care, expertise and surgical skills to each patient. He is the sole practicing physician who diagnoses and follows every patient and he performs the skilled microsurgical procedures required for outstanding results.

Dr. Albert is one of only 675 diplomats nationwide who is Board Certified in Phlebology, the study and practice of vein care. He is also Board Certified in Cardiovascular Surgery, having spent 14 years as a Cardiovascular and Thoracic Surgeon and as the Chief of Cardiac Surgery at Memorial Hospital in Colorado Springs from 1998-2005. Dr. Albert received his medical degree from the University of Pennsylvania Perelman School of Medicine and trained in General Surgery at New York-Presbyterian/Weill Cornell Medical Center and completed his Cardiovascular Surgery Fellowship at the University of Colorado Anschutz Medical Campus in Denver.

The Albert Vein Institute was established by Dr. Albert in 2006 as the field of Phlebology was, and still is experiencing significant field-changing advancements. Dr. Albert has chosen to devote his medical practice to the quickly evolving knowledge, techniques, and equipment of Phlebology while specializing in the microsurgery skills required in the young field of Phlebology. He is able to track and utilize state-of-the-medical-arts treatments and procedures on a day-to-day basis. Albert Vein Institute is one of the first vein centers in Colorado where its practicing and founding physician, Dr. Albert, has been devoted exclusively to vein care. AVI has become the world-class model for the highest standards of venous care in Colorado and the country.

In addition to Dr. Albert's unparalleled surgical background and skills, AVI offers the advanced techniques and equipment of the CoolTouch CTEV™ 1320 laser, and the Venefit™ Radiofrequency Closure Technology which allows Dr. Albert the maximum amount of flexibility to customize the treatment of each patient as the patient's condition warrants.

More than 6,000 patients have been treated at Albert Vein Institute since 2006 in our world-class medical facilities in Colorado Springs and Denver, safely helping patients reach optimum results and quality of life through exceptional vein care.
